

# NERF RULES

## Battle Rules – Play Fair, Play Safe, Have Fun!

Main Rule: Have Fun and Play Fair!

- Be respectful, play safely, and follow the rules in both letter and spirit—don't look for loopholes!
- If you're unsure about something, ask a Ref before doing it.

### 1. Listen to the Refs!

- Referees have the final say on all rules and calls. Follow their instructions.

### 2. No Physical Contact!

- No pushing, kicking, punching, or any other physical contact.
- Breaking this rule can result in expulsion from the game.

### 3. No Intentional Headshots!

- Aim for the body, not the head. Accidents happen, but don't aim high on purpose.

### 4. Always Wear Eye Protection!

- Goggles or glasses must be worn in combat zones at all times.

### 5. Hit = Out!

- If a dart hits any part of your body, you're out—call it honestly!
- Blaster hits do not count.
- If two players hit each other at the same time, both are out.

### 6. Stay Inside the Battle Zones!

- Do not leave the play area unless a Ref or parent gives you permission.

### 7. Take Care of the Darts!

- Avoid stepping on, bending, or damaging the darts.

### 8. Respect the Blasters!

- Do not throw or drop blasters.
- If you don't know how to use a blaster, ask for help.
- If a blaster jams, get a Ref to fix it—don't force it.

### 9. Follow the Rules or Sit Out!

- If you break the rules, you may be benched or asked to leave.

### 10. Play Honestly & Respawn!

- If you're hit, call it out and respawn—cheating ruins the game for everyone!
